PRELIMINARY AMENDMENT

Prior to examination of the above-identified patent application, please amend the application as set forth below and consider the following remarks.

In the claims:

Please add new claims 50-54:

- B1
50. A Method of producing the polypeptide of claim 1, the method comprising culturing a cell under conditions that lead to expression of the polypeptide, wherein said cell comprises a vector comprising an isolated nucleic acid sequence of SEQ ID NO: 7.
 51. The method of claim 50 wherein the cell is a bacterial cell.
 52. The method of claim 50 wherein the cell is an insect cell.
 53. The method of claim 50 wherein the cell is a yeast cell.
 54. The method of claim 50 wherein the cell is a mammalian claim.

CONCLUSION

Applicants respectfully submit that the present application claims a single invention which could not be properly further restricted. If there are any questions regarding these amendments and remarks, the Examiner is encouraged to contact the undersigned at the telephone number provided below.

Respectfully submitted,

Dated: September 5, 2002
